

MISSION STATEMENT

The mission of Westmoreland Country Club is to offer our members and guests premier facilities and personalized service in a private setting. Building relationships and enhancing camaraderie in a family atmosphere are the cornerstones of our tradition.

Our membership promotes this tradition in its active efforts to recruit individuals who share our values. These efforts ensure that the Club will remain a viable part of its community from generation to generation. The membership and staff maintain an environment where expectations are anticipated and memorable experiences are created. Our leadership promotes high standards and meets the expectations of members and guests by honoring tradition while being innovative in the programs and services we provide, doing so in a fiscally responsible manner.

Westmoreland's success reflects the shared values and commitment of its dedicated membership and staff.
